HIGH-VISIBILITY CATALOG

HI-VISIBILITY APPAREL

Enhance workplace safety with HiVizGard™ Hi-Vis Apparel from Modern Safety. Our hi-visibility clothing is designed to signal workers' presence to drivers and vehicle operators, especially in low-light and dark environments. Combining comfort, style, and functionality, our hi-vis gear features reinforced cross-stitching, zipper stitching, breathable fabrics, heavy gauge mesh, and black-bottom tops and pants.

Experience top-tier protection with HiVizGard™ Hi-Vis Accessories and explore our extensive Non-ANSI, Class 2, Class 3, and Class E hi-vis apparel collection. No matter the job, we have the right gear for you. Learn about the ANSI/ISEA 107-2020 standard, the authoritative guideline for the design, performance, and materials of high-visibility PPE.

Choose the right hi-vis gear for your specific hazards by considering your work type, lighting conditions, and traffic flow. Fluorescent materials enhance daytime visibility, while retroreflective materials improve visibility in low-light conditions. Keep your workforce safe with Modern Safety's reliable and comfortable hi-vis reflective safety apparel.
